Join our Engines at Play for a Fun-Filled Summertime Adventure!

This play-based program is open to children ages 2-6 who need support with language and social interaction.

Our goals are to help kids:

Express Themselves

Follow Directions

Relate to Others

Make Friends

Engage in Cooperative Play

We group children based on developmental level and individual needs. Our skilled therapists facilitate the groups and provide a structured daily routine with plenty of organized movement. All activities are designed to engage and motivate your child to learn valuable language and social skills while having fun and, most importantly, making friends. After all, it is through relationships that we all learn and grow!

Highlights of our Summer Camp:

Small Adult to Child Ratio

Fun Weekly Themes

Focus on Social Skills

Mindfulness Exercises

Narrative Development

Music Enrichment

Group Craft Projects

Sensory Play

Please note that if your child does not currently receive therapy at ICT we require a brief assessment to ensure that our Summer Camp is a good fit.
